Volcano Records.

Traits Pragmatic. Ingenuity. Driven.
Tenacity. Leader. Athletic.

Impression Loves Life. Voracious. Prolific.
Passionate.

A small innovative team in Santa Monica, California, is transforming the electric vehicle industry by creating a purpose-built, automotive grade, long-range lithium-ion battery system. With this technology, CODA is putting an affordable electric car into the hands of the consumer who is the real driver of innovation. The vehicle is due out in California in the fourth quarter of this year.
